PROFESSIONAL SUMMARY

Information Technology graduate with a strong foundation in web development and programming. Currently developing full-stack development skills through MERN Stack training. Familiar with JavaScript, React.js, and Express.js, with hands-on practice in REST API development and responsive web applications. Interested in building scalable applications and contributing to software development teams.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript, React.js, Bootstrap

Backend: Express.js, REST APIs

Tools: Git, GitHub, Postman, VS Code

Currently Learning: MongoDB, Database Integration

PROJECTS

To-Do List REST API *Node.js, Express.js*

- Developed REST API endpoints to manage tasks using HTTP methods such as GET, POST, PATCH and DELETE.
- Implemented request handling and JSON responses using Express.js.
- Practised CRUD operations and API testing using Postman.

Budget Insights Dashboard *React.js, JavaScript, CSS*

- Developed a React-based dashboard interface for presenting budget and expense information.
- Worked with reusable components, layout design and responsive CSS styling.

KTU Website Monitoring Bot *Node.js, Playwright, Express.js*

- Built a browser automation project to monitor changes on a university website.
- Integrated Telegram notifications to alert users when the target page changes.

EDUCATION

Bachelor of Technology (B.Tech) in Information Technology 2022 – 2025

Government Engineering College, Barton Hill
CGPA: 6.43/10

Diploma in Information Technology 2019 – 2022

IHRD, Government Polytechnic College, Purapuzha
CGPA: 7.4/10

CERTIFICATIONS

- MERN Stack Development – Currently Pursuing

ADDITIONAL INFORMATION

- Interested in Full Stack Development and Software Engineering.
- Actively practising programming and building hands-on development projects.
